## One-way flow control valve GR-3/8-B Part number: 6308

General operating condition

## **Data sheet**

| Feature  | Value  |
|--|--|
| Valve function                                       | One-way flow control function  |
| Pneumatic connection, port 1                         | Female thread G3/8   |
| Pneumatic connection, port 2                         | Female thread G3/8   |
| Adjustment component                                 | Knurled screw  |
| Type of mounting                                     | Either: Front panel mounting With through-hole   |
| Standard nominal flow rate in flow control direction | 1010 l/min   |
| Standard nominal flow rate in blocked direction      | 1150 l/min   |
| Operating pressure                                   | 0.01 MPa 1 MPa   |
| Operating pressure                                   | 0.1 bar 10 bar   |
| Operating pressure                                   | 1.45 psi 145 psi   |
| Ambient temperature                                  | -20 °C 75 °C   |
| Material housing                                     | Die-cast zinc  |
| Explosion protection                                 | The information in the certificate must be observed!  Zone 1 (ATEX)  Zone 2 (ATEX)  Zone 21 (ATEX)  Zone 22 (ATEX) |
| Mounting position                                    | optional   |
| Symbol   | 00991453   |
| Operating medium                                     | Compressed air to ISO 8573-1:2010 [7:4:4]  |
| Note on operating and pilot medium                   | Lubricated operation possible (in which case lubricated operation will always be required)                         |
| LABS (PWIS) conformity                               | VDMA24364-B1/B2-L  |
| Media temperature                                    | -20 °C 75 °C   |
| Product weight                                       | 225 g  |
| Note on materials                                    | RoHS-compliant   |
| Material adjusting screw                             | Brass  |
