

To: Wareco International A/S

Declaration of Compliance

This declaration confirms that all OLFA products do not intentionally use or contain above the regulatory limit the 251st substance added to the Candidate List of Substances of Very High Concern (SVHC) under the European REACH Regulation on November 5, 2025, as detailed below.

251st SVHC published on November 5, 2025

1,1'-(Ethane-1,2-diyl)bis[pentabromobenzene] (DBDPE) CAS #84852-53-9

<Remarks>

The conformity status is based on whether or not, to the best of our knowledge, the relevant restricted substance is being used *intentionally* at the time of publication of this declaration. It does not necessarily apply to all products we have supplied to the market in the past.
