

Part No. 199132131

Series OpenReel SS hose reels

[PDF](#)  [Inquiry List](#)

Category

Midi+ Reel 17.5" - AISI 316

Title

Open reel in stainless steel (AISI 316) with 20 m food-approved NBR rubber/PVC hose

Reel type

Open reel

Reel material

Stainless Steel (AISI 316)

Reel diameter (mm)

442 mm (17.4 ")

Hose material

NBR rubber/PVC

Hose length on reel (m)

20 m (65.62 ft)

Feeder hose length (m)

1 m (3.28 ft)

ID x OD (mm)

12.7 x 21.6 mm

Connection Inlet

G 1/2" Male

Connection Outlet

R 1/2" Male

Max working pressure (bar)

20 bar (2 MPa)

Hose variants

Standard

Hose colour

Blue

Min. temperature (°C)

-15°C (5°F)

Max temperature (°C)

100°C (212°F)

Temperature resistance

Maximum 100°C (212 °F) for up to 2 hours.

Weight (g)

32000 g (70.55 lb)

Media reels

Water or other fluids

Features

Food-approved hose

OpenReel SS hose reels

The OpenReel SS stainless steel hose reels are robust, efficient and user-friendly hose reels for water and compressed air. Available in AISI 304 stainless steel and AISI 316 acid-proof steel, the hose reels offer exceptional corrosion resistance, making them ideal for both indoor and outdoor use, even in demanding and hygienic environments. The hose reel is available with a food-approved hose, allowing safe use in close

contact with food and beverages. It is also available with PVC-free, electrically conductive rubber hose to prevent static buildup.

Check with an authorized CEJN distributor for availability and prices. All measurements are in mm. Other connections and sealing material on request. Some part numbers may be subject to minimum order quantities. CEJN reserves the right to make changes without further notification. Thread connections are listed according to ISO standards, unless stated otherwise.
