

66IM/35C7CT

1/4" Impact Torsion Bit Set for Phillips/Pozidriv/TORX® and 7 Carbide Tip Drill Bits - 35 pcs

PRODUCT DETAILS

- For Phillips, Pozidriv, and TORX® head screws
- Includes 35 pieces: 27 Impact Bits + 1 slim impact resistant magnetic bit holder + 7 Carbide tip drill bits
- TORX® bits have color coded sleeves for easy identification of the size of the tip.
- Developed for use with impact drivers and suitable for hard material applications.
- Designed for long-time works, the Torsion zone can effectively spread the strength concentration.
- Torsion zone absorbs torque peaks, making the bits more resistant to sudden impacts (in hard materials or when using an impact driver), preventing premature tip breakage and improving service life.
- High performance alloy steel
- Manganese Phosphate finish
- 1/4" hex drive DIN 3126 and ISO 1173, style C 6.3
- 75 mm magnetic bit holder with lock in type system (style E 6.3)
- The multi-purpose drill bits are designed to allow users to carry fewer bits for construction work, as one bit can be used for various applications
- For precision drilling in tiles, natural stone, wood with nails and plastics
- 1/4" Hexagon shank is compatible with quick-change chucks and impact drivers and provides a secure grip
- Extended drill life in harder material with a 126 degree tip angle
- Resistant glass fiber reinforced case offers tough and durable protection for the content
- The patented case has a 180° locking function: case stays in open position even if turned [up to 500g of added weight] without closing on your fingers.
- The lid and body of the case can be split for flexible organizing in trolley drawer or toolkit.
- The box is designed to be stacked on top of each other without sliding off, when using multiple sets.
- Swiveling racks allow space optimization and easy access to the bits
- Sticker included for personalization and user identification.
- Delivered in a cardboard sleeve.
