## Feed-In Terminals AS/50-SN, AS/50-SL, AS/50-GN

<b>Application</b>	feed-in terminal (for use with comb busbars or terminal bars)
<b>Standards</b>	EN 60998-1: Connecting devices for low-voltage circuits for household and similar purposes
<b>Connection</b>	6 ... 50 mm <sup>2</sup> rigid/stranded 6 ... 35 mm <sup>2</sup> flexible wire (with ferrule)  screw-type terminal
<b>Materials</b>	base: brass, nickel plated screw: M10 by 1, steel, zinc plated recommended torque: 4 - 6 Nm cover: nylon (PA6)
<b>Ratings</b>	160 A / 690 V AC/DC (mounting side by side)  160 A / 1000 V AC, 1500 V DC (mounting with gap min. 9 mm or single pole)
<b>Degree of Protection</b>	touchproof
<b>Safety</b>	edges rounded
<b>Environment Protection</b>	All materials and manufacturing processes comply with RoHS regulations.
<b>Accessories</b>	-
